Re: EURO Construction

To Whom it May Concern,

EURO Construction just completed at the end of 2007 a major and complicated renovation of our Regime buildings, outside and inside work.

We recommend EURO for any construction project. Their work is beyond approach and they have the dedication to provide a quality product. In addition to their construction work, they provide excellent accounting of money spent and will help you with a budget for the project.

If you would like to discuss further, please call my cell 843-290-4222
